SAMAG 70 4x2

The SAMAG range of trucks were used by the South African Military over a number of years as their primary logistical vehicles.

Now available to the Private Sector, they continue to excel, and are widely recognised as being some of the best and most resilient heavy-duty trucks available.

Key Features

The SAMAG 70 is a premium quality, 8 ton, 4x2 truck. Powered by the ADE 352T* diesel engine (*Mercedes Benz 352T produced under license).

It is an easy-to-maintain, robust truck which is in use in many roles within Construction and Mining companies daily.

Key Specifications

Engine

- ADE 352T - Water Cooled

Tyre size

- 1100 x 20 (Std), 1400 x 20 (Optional)

For the comprehensive specifications please visit our web site: www.samiltrucks.co.za

Specifications are subject to change without prior notice.

- **Re-manufactured in our factory**
The truck is stripped down to the chassis then rebuilt using only new or reconditioned components.
- **A “heavy-duty” 8 Ton truck**
The manufacturer’s rear axle rating is 13000 kgs, this “over-engineering” is characteristic throughout the SAMAG 70.
- **Proven across Southern Africa**
The SAMAG 70 can carry a payload of around 8 tons and is in use across Southern Africa in many roles.
- **Multiple applications**
The most common load bodies fitted are: Drop-side (with or without Crane), Tanker, Tipper, Drill Rig & Compressor.
- **Supply of spares guaranteed**
Our “in-house” spares division “**Black & White Truck Spares cc**” specialises in the supply of all spares for the SAMIL / SAKOM / SAMAG family of trucks.
